Gaia's Wager shows that movements play an important role between political parties and interest groups on the domestic scene and the unruly forces of globalization internationally. Only social movements can catalyze a response to the global environmental threat that has a chance of both capturing imaginations and institutionalizing progress toward environmental sustainability.

Gaia's wager is a gamble that we cannot, in the long run, win, but cannot afford to lose. It is a wager with nature that human ingenuity can overcome or evade the limits to the way the world works. Modern society must adapt its goals of growth and development to those processes, relationships, and limits inherent in Gaia and beyond human ability to manage or change.
