This review explores the role of incentives in providing goods and services that have significant social returns not captured in private returns, and where outcomes and performances are not easy to measure. We discuss how the presence of prosocial motivation among agents involved in the provision of these goods and services changes the design of incentives.

Prosocial Motivation and Incentives | Annual Review of ...

They motivate you to behave in a certain way, while preferences are your needs, wants and desires. Economic incentives provide you the motivation to pursue your preferences. Let's make an example: say you want to accumulate wealth.

What are incentives in economics? - Quora

Evidence for motivational crowding-out in economics became the reduced supply once incentives are introduced. There is also a large literature in psychology about the undermining effect of rewards on intrinsic motivation, developed shortly after Titmuss (Deci, 1975).
