What is it? Practical Spiritual Psychology - Dr. Norquist

If you want to make practical spirituality work for you and experience this difference, I recommend putting a notepad and pen beside your bed and then, every night before you go to sleep, write down five things that you are grateful for. In the morning, read through them again and make a mental note to find even more things to be grateful for.

Five Tips for Practical Spirituality

According to the science of Spirituality, there are really only 2 reasons for being born : The first purpose of life is to complete one's destiny or karma that one is born with. The second and more important purpose of life is to grow spiritually. Practising Spirituality as per universal principles helps with both these purposes.

What is Spirituality

Spirituality is a broad concept with room for many perspectives. In general, it includes a sense of connection to something bigger than ourselves, and it typically involves a search for meaning in life. As such, it is a universal human experience—something that touches us all. People may describe a spiritual experience as sacred or transcendent or simply a deep sense of aliveness and interconnectedness.
