Speculative Realism: Problems and Prospects now out in the ...

Speculative realism is a movement in contemporary Continental-inspired philosophy (also known as post-Continental philosophy) that defines itself loosely in its stance of metaphysical realism against the dominant forms of post-Kantian philosophy (or what it terms "correlationism"). Speculative realism takes its name from a conference held at Goldsmiths College, University of London in April 2007.

Speculative realism - Wikipedia

* Speculative Realism: Problems and Prospects has provided the first comprehensive introduction to the lively and fascinating world of speculative realism. Gratton expertly covers a vast swathe of contemporary thinkers in a way that will appeal to newcomers and experts alike.

Speculative Realism: Problems and Prospects eBook: Gratton ...

Although theorists associated with Speculative Realism share a commitment to realism and/or materialism, it is wrong to assume that Speculative Realism represents a unified philosophical position. What unites these theorists, often opposed to one another, under the title of Speculative Realism, is their shared opposition to "Correlationism".
